

shape & CREATE

shape & CREATE

de Der Trend zur Individualität gewinnt im Interiordesign zunehmend an Bedeutung. Auch Fliesen können hier ein kreatives Designpotenzial erschließen. Mit ihnen lassen sich reizvolle Akzente setzen.

Fliesen müssen aber nicht immer quadratisch sein. Unterschiedliche Formen verstärken den individuellen Charakter eines Bodens und erzeugen verschiedene Wirkungen – von ruhig und behaglich bis expressiv und inspirierend.

SHAPE & CREATE – die zweite Fliesenkollektion von HTW Design Carpet mit 5 ausdrucksstarken Sonderformen, bietet ein schier grenzenloses Spektrum an Gestaltungsmöglichkeiten: Wing, Hexagon, Diamond, Wave oder Plank – jede Form hat ihren eigenen Charakter und verleiht dem Ambiente ein einzigartiges Flair.

Verschiedene Verlegekonzepte lassen zudem immer neue Muster entstehen. Der Boden wird zur Spielfläche und formiert sich zu einem kraftvollen Blickfang dem sich keiner entziehen kann. So entstehen individuelle Raumszenierungen in Hotels, Büros, Shops, Bars oder Lounges.

Lassen Sie sich inspirieren vom faszinierenden Spiel der Formen & Kontraste.

en The trend towards individuality in interior design is becoming increasingly significant. Even tiles can open up potential for creative designs. They can be used to create attractive accents.

However, tiles don't always have to be square. Different shapes emphasise the unique character of a floor and have different effects – from calm and cosy to expressive and inspiring.

SHAPE & CREATE – the second tile collection by HTW Design Carpet with 5 special expressive shapes offers a simply unlimited range of design possibilities: Wing, Hexagon, Diamond, Wave or Plank – every shape has its own character and gives the surroundings a unique flair.

Different laying concepts also allow for the creation of more and more new patterns. The floor becomes a play area and establishes itself as a strong eye-catcher that nobody can escape. This is how individual spatial installations are created in hotels, offices, shops, bars or lounges.

Be inspired by the fascinating interplay of shapes and contrasts.

fr La tendance à la personnalisation revêt de plus en plus d'importance dans le domaine de la décoration intérieure. Les dalles possèdent un fort potentiel en matière de créativité. Elles permettent en effet d'apporter de jolies touches déco.

Les dalles de moquette ne doivent pas forcément être carrées. La diversité des formes accentue le caractère personnalisé d'un sol et créent différents effets, allant du calme et reposant à l'expressif et inspirant.

Avec ses 5 formes originales, SHAPE & CREATE, la deuxième collection de dalles de moquette de HTW Design Carpet, vous permet de laisser libre cours à votre créativité de manière illimitée : Wing, Hexagon, Diamond, Wave ou Plank, chaque forme a son propre caractère et confère un charme unique à votre ambiance.

Par ailleurs, différents concepts de pose permettent de créer sans cesse de nouveaux motifs. Le sol se transforme en terrain de jeu et devient un point de mire qui attire irrésistiblement tous les regards. Cela permet de mettre l'espace en scène de façon personnalisée dans les hôtels, bureaux, boutiques, bars et lounges.

Laissez-vous inspirer par le jeu fascinant des formes et des contrastes.

PLANK

The image features a large, high-resolution photograph of a wooden plank deck, likely made of weathered pine or similar softwood, stretching towards a hazy horizon. The planks are laid in a parallel fashion, creating a strong sense of perspective. On the left side, a portion of a wooden railing with green-painted metal balusters is visible. To the right of the main image, there is a vertical collage of several smaller, rectangular images. These images showcase various plank finishes and patterns: a solid light blue-grey plank, a plank with a green and black geometric pattern, a plank with a light brown wood grain, a plank with a dark red rose pattern, a plank with a dark brown wood grain, a plank with a light brown wood grain, a plank with a dark brown wood grain, a plank with a light brown wood grain, and a plank with a dark brown wood grain. The overall aesthetic is modern and minimalist, focusing on natural materials and textures.
